Now through September 30, trade in your old ugly soft NightGuard for a brand new one in your choice of colors!

Details:

- Specific times and days available.
- Must already have or had a NightGuard or have been advised to wear a NightGuard.
- Be a current patient.

Call or text us to schedule your appointment!

ZOOM Whitening Summer SPECIAL \$299

If you have had your annual exam and cleaning in the past 6 months, you may be eligible for our Zoom special for only \$299! Expires 9/30/22.

Zoom is the revolutionary tooth whitening system

We apply Zoom whitening gel to your teeth during the appointment, and activate it using a special Zoom light. The advanced gel gently penetrates the sub-micron pores of tooth enamel to break down stains and eliminate years of discoloration.

You will also be given take-home trays and gel to maintain your beautiful results at no additional cost!

Meet our Doctors

DR SHEPHERD

Dr. Shepherd began practicing as a dentist in 1994. He started serving dental patients in the Palm Springs area at Palm Springs Family and Cosmetic Dentistry in 2008.

Dr. Shepherd is a native of Georgetown, SC. He graduated from the Medical University of South Carolina in Charleston in 1994. He began his dental career as a commissioned officer in the Navy and Public Health Service with postings in California, Arizona and Alaska.

Dr. Shepherd enjoys spending time with his husband John and their two sons Wyatt and Noah.

DR LEBARD

Dr. LeBard is a Minnesota native who made her way to California to pursue a career in dentistry. After graduating from Loma Linda University with her Doctorate of Dental Surgery in 2015, she moved out to Palm Springs to serve the desert community.

Dr. LeBard enjoys spending time with her husband, exercising, traveling and dining out, but also appreciates relaxing nights at home watching Bravo or visiting with friends and family. Although she enjoys the warm heat the desert brings, her midwestern roots still shine through, so when football season rolls around you can find her rooting on the Minnesota Vikings.

DR TOM

Dr. Tom has practiced in Palm Desert since 1993 and was born and raised in Honolulu, Hawaii. He is a graduate of the University of Southern California School of Dentistry and the Graduate of Prosthodontics Program at USC.

He has been married since 1997 to another dentist (Dr. Sharon Nemece) and they have two children Aja and Logan. In his spare time, they enjoy being a tight knit family that does a lot of camping/RVing, boating, skiing, hiking and other outdoor activities.

SUMMER SMILE NEWSLETTER, 2022

Welcome to our second newsletter! We want to thank all the patients for returning after the pandemic. We, like most businesses, had to close for a period of time. Thanks for being patient with us during the last year and a half.

While we had a few employees leave our office for other endeavors, we have hired some awesome new team members. Thank you for allowing me to introduce you to them.

Miguel, our most recently added hygienist, graduated from the Moreno Valley Dental Hygiene Program. We feel lucky that he has accepted our hygiene position and has become a vital part of our team.

Ruben, as you may recall, was my chairside assistant. A few years ago, he elected to go to hygiene school and returned last year as one of our three hygienists. We are very happy to have him back, not only as a hygienist but as my chairside assistant.

Nathan came to us directly from the Navy and we thank him for his service. He is the pleasant voice that you hear on the phones and greets you when you come in. Sadly, Nathan will be pursuing his college degree and will be leaving us in the Fall.

Chris comes to us experienced and is Dr. Tom's key Schedule Coordinator. We feel very fortunate to have his expertise and friendly demeanor at our front desk area.

Victoria comes to us with many years of experience in oral surgery. She is vital in maintaining our sterilization area and assists Dr. Tom with emergencies.

Erin just joined our team to assist Dr. Tom and Dr. LeBard. She brings to us her chairside skills and her love of working with our patients.

My family and I had the fortunate opportunity to work with the International Medical Relief in Africa last year. It was a great opportunity for my kids to "give back." We endured long 12-hour days but the reward was priceless. The entire group saw over 650 patients! Wyatt and Noah worked alongside doctors, nurses, volunteers, community leaders, and, of course, their dad.

Thank you for taking a few minutes to read our newsletter and to directly thank you for your continued support. Dr. Tom, Dr. LeBard and I, as well as our entire team, look forward to many more years serving your dental needs in our professional and friendly manner, always keeping in mind the importance of treating you as you deserve to be treated.

Sincerely,
Dr. J. Scott Shepherd, Dr. Jeff Tom, Dr. Jillian LeBard and Team
